

BILLINGS OVULATION METHOD™ TRAINING SEMINAR NELSON

FRIDAY 18TH & SATURDAY 19TH OCTOBER 2019

A programme for Health professionals, as well as those wishing to become accredited teachers of the Billings Ovulation Method™.

The Billings Method™ teaches accurate, evidence-based, scientific self knowledge about human fertility. The method is not dependent on regular cycles, thermometers, kits, drugs or devices.

Successful completion of the course allows participants to register as a trainee Billings Teacher.

Health professionals will gain an increased understanding of the ovarian, cervical and vaginal responses, their relationship to fertile and infertile patterns and /or ovarian dysfunction. The doctor will gain confidence in relying on the woman's own charted observations as a way of monitoring her reproductive health and to assist a couple in the achievement or avoidance of pregnancy.

The Method promotes a gentle discipline, creating deeper communication and intimacy in relationships through mutual understanding and respect. It empowers couples to take control of their fertility to avoid or achieve pregnancy or to monitor reproductive health. The Billings Ovulation Method™ serves the needs of all people of all cultures

The "Billings Ovulation Method™ Training Seminar" event, has been endorsed by The Royal New Zealand College of General Practitioners (RNZCGP) and has been approved for up to 14 CME credits for the General Practice Educational Programme (GPEP) and Continuing Professional Development (CPD) purposes.
